Special Issue on

RECENT STUDIES IN GEOPHYSICAL HAZARDS

Edited by

M.I. EL-SABH, T.S. MURTY, S. VENKATESH,
F. SICCARDI and K. ANDAH

M.I. EL-SABH, T.S. MURTY, S. VENKATESH, F. SICCARDI and K. ANDAH/ Preface	1
--	---

PART I: CLIMATIC AND ATMOSPHERIC HAZARDS

ROBERTO RODRIGUEZ, M. CARMEN LLASAT, and EMILIO ROJAS / Evaluation of Climatic Change through Harmonic Analysis	5
GANDIKOTA V. RAO / Some Characteristics of Typhoons as Revealed by the Recent SSM/I Microwave Radiometry	17
YEONG-JER LIN, ROBERT W. PASKEN, and HSUI-WU CHANG / Structure of a Prefrontal Convective Rainband in Northern Taiwan Determined from Dual-Doppler Data	37

PART II: HYDROLOGICAL HAZARDS

M.D. KHALEQUZZAMAN / Recent Floods in Bangladesh: Possible Causes and Solutions	65
M.C. LLASAT and M. PUIGCERVER / Meteorological Factors Associated with Floods in the North-Eastern Part of the Iberian Peninsula	81
IGNAZIO BECCHI, ENRICA CAPORALI, and ELENA PALMISANO / Hydrological Response to Radar Rainfall Maps through a Distributed Model	95

- DINO GIULI, LUCA BALDINI, and LUCA FACHERIS / Simulation and Modeling of Rainfall Radar Measurements for Hydrological Applications 109

PART III: STORM SURGES

- MADHAV L. KHANDEKAR / Storm Waves in the Canadian Atlantic: A Numerical Simulation 125
- M.B. DANARD and T.S. MURTY / Storm Surge Mitigation through Vegetation Canopies 155
- ZENGHAO QIN, YIHONG DUAN, YINONG WANG, ZHENGFEN SHEN, and KUANREN XU / Numerical Simulation and Prediction of Storm Surges and Water Levels in Shanghai Harbour and Its Vicinity 167

PART IV: GEOLOGICAL HAZARDS

- A.E. SCHEIDEGGER and D.E. AJAKAIYE / Mass Movements in Hilly Areas (with Examples from Nigeria) 191
- FES A DE SCALLY / Characteristics and Mitigation of the Snow Avalanche Hazard in Kaghan Valley, Pakistan Himalaya 197
- M. SEMIH YUCEMEN and POLAT GULKAN / Seismic Hazard Analysis with Randomly Located Sources 215
- AHMED FAROUK KAMEL / Regional Fracture Analysis South Latitude 29° N of Egypt and Their Influence on Earthquakes 235
- IVANKA OROZOVA-STANISHKOVA and DARIO SLEJKO / Seismic Hazard of Bulgaria 247
- LAURA PERUZZA and DARIO SLEJKO / Some Aspects of Seismic Hazard Assessment when Comparing Different Approaches (*abstract*) 273

PART V: REPORT AND RECOMMENDATIONS

Meeting Report:

- JAMES F. LANDER / International Decade for the Natural Disaster Reduction Panel, 6 August 1991, Perugia, Italy 277
- MOHAMMED EL-SABH / Recommendations for Future Work 281

CONTENTS OF VOLUME 9

Volume 9 No. 3 1994

A Note of Thanks	iii
LEA FELDMAN and AVI SHAPIRA / Analysis of Seismic Intensities Observed in Israel	287
ELEFThERIA E. PAPADIMITRIOU / Long-Term Earthquake Prediction in the North Pacific Seismic Zone Based on the Time and Magnitude Predictable Model	303
GERHARD BERZ / The Insurance Industry and IDNDR: Common Interests and Tasks	323
MOHAMMED I. EL-SABH / World Conference on Natural Disaster Reduction: A 'Safer World for the 21st Century'	333
Announcements	353
Index of Names to Volume 9	355
Index of Keywords to Volume 9	356
